Convenient. Safe. Smart.

YOUR MOBILE BECOMES THE KEY!

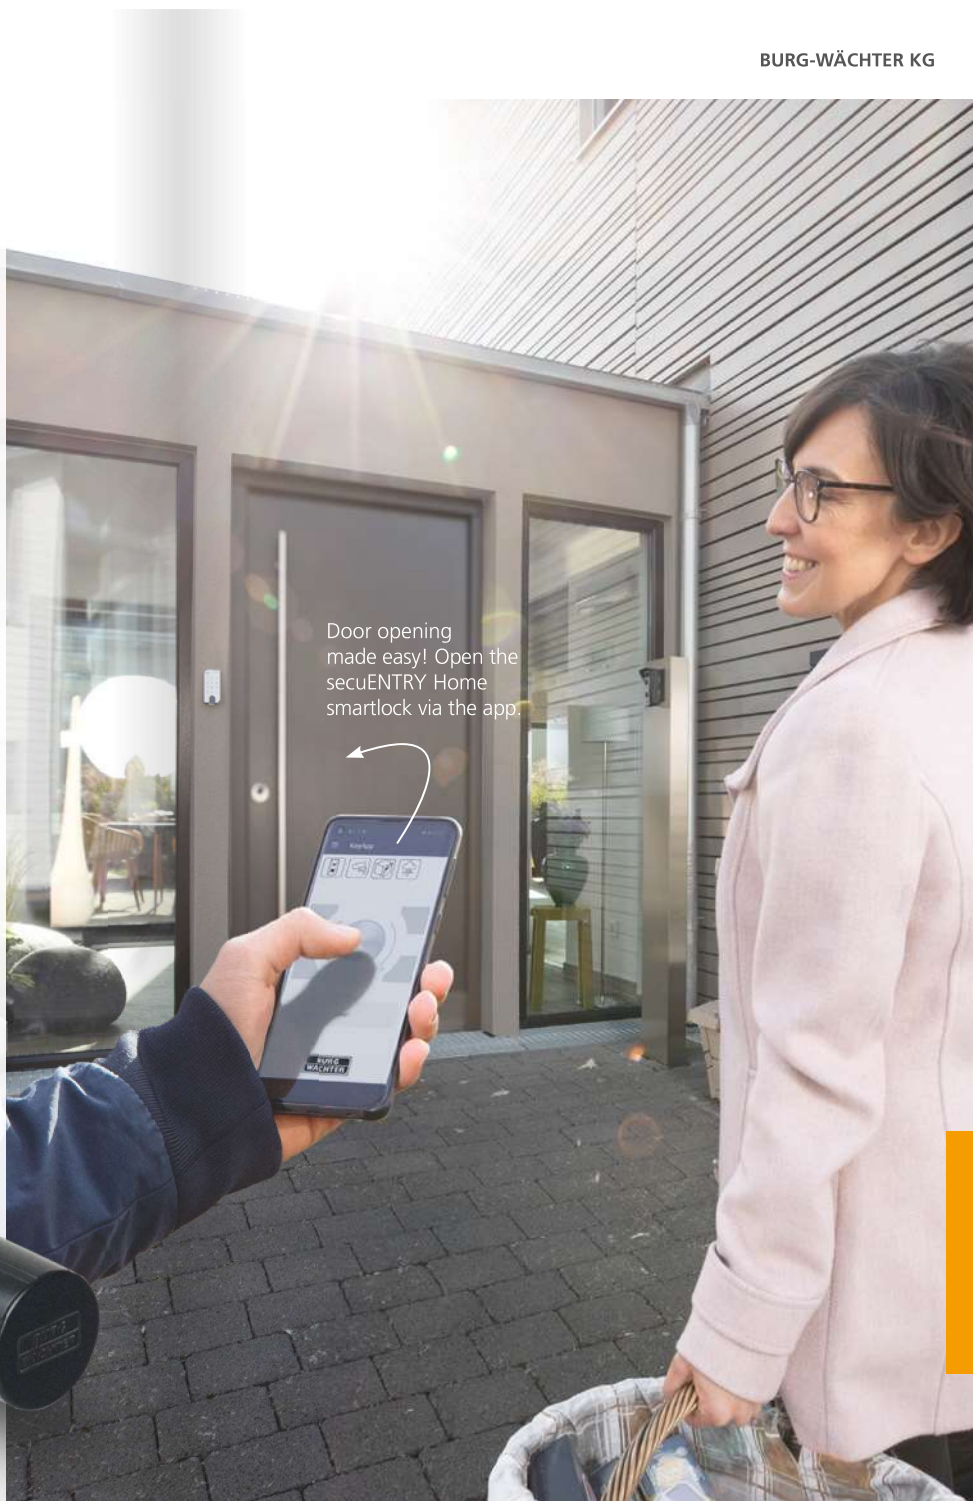

Keys are a nuisance. Keys are never to hand when you need them. The smartphone, on the other hand, is always at our side. So why not transform your mobile phone into a key right away? The Smartlock secuENTRY Home from BURG-WÄCHTER does just that. All you need is the electronic locking cylinder and the free of charge secuENTRY KeyApp.

The system provides optimum protection and a wide range thanks to the latest Bluetooth technology 5.2 LE. And even the installation only takes a few minutes. Your new "key freedom" has never been so convenient and easy!

secu **ENTRY** HOME

Door opening made easy! Open the secuENTRY Home smartlock via the app.

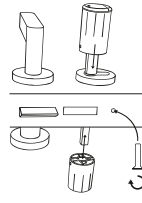

Simply simple, simply smart!

AT LONG LAST, NEVER FORGET YOUR KEY AGAIN.
THE ADVANTAGES OF secuENTRY HOME AT A GLANCE.

- ✓ **Smart door opening** – all you need is the secuENTRY Home cylinder to get your new “key freedom”.
- ✓ **Universally suitable** for all house and apartment doors up to a thickness of 118 mm with no need to take measurements.
- ✓ **Easy installation** in just a few minutes and no drilling or cable pulling required.
- ✓ **Secure data transmission and wide range** thanks to the latest and energy-saving Bluetooth technology 5.2 LE.

IT JUST FITS! NO MEASURING NECESSARY! THE secuENTRY HOME CYLINDER FLEXIBLY ADAPTS TO ALL DOORS WITH THICKNESSES OF UP TO 118 mm.

It's really easy:

Remove the old cylinder, replace with secuENTRY Home cylinder and adjust to your door thickness, tighten screws. Done!

A short walk with the dog.
The leash is enough, you won't need any keys!

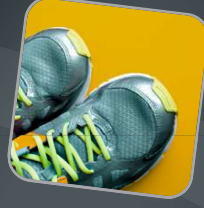

Typical kids - they never forget their mobile phone, but always forget their keys. But your kids will still be able to get in!

Party without obstructions.
Whether at your friends place or at the club: Have fun at the party - forget about “where to put” the keys.

Sport with no key is the key.

A key is always a nuisance, particularly when it comes to sport. Now at last a thing of the past!

secuENTRY KeyApp:
Available free of charge in your App Store

EVEN MORE FLEXIBLE – FOR THOSE WHO DON'T WANT TO BE DEPENDENT ON THEIR MOBILE PHONE.

Open your front door conveniently by numerical code using the **secuENTRY pincode keypad**. The code can be changed at any time.

The **secuENTRY radio key** opens the door at the touch of a button. The convenient remote control has a range of approx. four metres.
